## UNIVERSITY INSTITUTE OF TECHNOLOGY UNIVERSITY OF KERALA Alappuzha

Pearl Jubilee  
**Celebration**  
30 years of illuminating young minds  
and igniting academic achievement

# University Institute of Technology

Alappuzha

UIT Alappuzha was established in 1995 and has grown into a distinguished centre of higher learning under the University of Kerala. Located within the historic Government Mohammedan's High School Campus, the institute seamlessly blends academic excellence with professional training, preparing students for industry, research, business, and entrepreneurship. With a legacy spanning three decades, UIT Alappuzha has earned a stellar reputation for quality education, innovation, and holistic development, making it one of the most sought-after institutions in Kerala.

## Our Distinction

UIT Alappuzha is known for its Disciplined, strike-free learning environment, supported by dedicated faculty, staff, and PTA. This culture of excellence makes the institute a preferred choice for parents and students alike.

## Our Promise

UIT Alappuzha remains a vibrant hub of knowledge, opportunity, and growth, empowering students to become skilled professionals, visionary leaders, and responsible citizens.

## Highlights & Achievements

### **First UIT with NSS Unit (2013):**

50 volunteers leading blood donation, palliative care, afforestation, and flood relief.

### **Community Service:**

Organized marriages of 10 orphanage inmates with Alappuzha Municipality (2017-18).

### **NAAC Recognition (2015):**

Played a vital role in Kerala University's 'A' Grade achievement.

### **Campus Placements:**

Students recruited by Infosys and TCS. Mini Job Fairs & regular Career Guidance programmes fostering employability.

### **Student Aid Fund & Clubs:**

Supporting deserving learners over the years, while Women's Club, Music Club, and Placement Cell enrich campus life.

## ACADEMIC PROGRAMMES

### B.Sc Computer Science - Data Science (Honours/Research)

- Artificial Intelligence
- Data Analytics
- Artificial Neural Network
- Data Science
- Data Mining
- Machine Learning
- Android Programming
- Java Programming
- Python Programming
- Web Programming and Development

### BCA - Machine Learning (Honours/Research)

- Artificial Intelligence
- Android Programming
- Cloud Computing
- Cryptography and Network Security
- Coding Standards and Practices
- Cyber Security
- Cyber Forensic
- Ethical Hacking
- Artificial Neural Network
- Web development

### BBA Logistics and Operations (Honours/Research)

- Logistics and Supply chain management
- Transportation Management
- Shipping and Port Management
- Digital Marketing
- Social Media Marketing

### B.Com (Honours/Research)

Electives: Business Information Systems/Co-operation

- Forensic Accounting and Fraud Detection
- FINTECH
- Digital Media Marketing
- Investing in Stock Market
- Innovation and StartUp
- Data Analysis and Visualization in Finance
- Port Management
- Aviation and Cargo Management
- Income Tax
- Goods and Service Tax (GST)

### M. Com Finance and Accounting

Each programme equips students with industry-ready skills, global perspectives, and professional confidence.
